

EXHAUST

BATTLEFIELD GROUND

Battlefield Ground
All weapons on the ground
The fight is over now
The winner takes it all

Long times - But too many things have happened
Long times - The heartbeat has a rhythm of its own
This time - Peace and freedom are behind us now - now - now - now

Battlefield Ground
We used to be as one
It seems nobody won
Fading Memories

Battlefield Ground
All weapons on the ground
The fight is over now
Every encounter's cutting
Pieces of the past away

- Solo -

Long times - I'm for it, you are against it
Long times - I want to run, but you stay where you are
This time - The story doesn't have a happy ending

Battlefield Ground
We used to be as one
It seems nobody won
Fading Memories

Battlefield Ground
Emotions on the ground
The game is over now
Every encounter's taking
Pieces of the past away

Battlefield Ground
All weapons on the ground
The fight is over now

Every encounter's taking
Pieces of the past away
Every encounter's takin'
takin', takin', takin' ...
Battlefield Ground
