

EXHAUST

FATE OF ATLANTIS

Only Athens wasn't subdued
But they came with a huge armada
It was Athens against Atlantis
The defenders brought the battle to an end

Arrival after a long journey
Well travelled but now we've found it
Three circles, an enormous temple
The island kingdom of our dreams

Dive down! To find the treasures of the past
Dive down! To the ruins of ancient worlds
Dive down! Discover why they had to go
Dive in to find the course

**This is the Gate of Atlantis
You cannot pass the Gate of Atlantis
We are the guard - the heart of Atlantis
And we will guard the world of Atlantis**

They're proud, snooty and arrogant
They are descended from the gods
They're rising to a naval power,
They subdued all the people, all the world
Going down to the ground
Going down into the ground | Going down

Unchain the waves for Atlantis
This is the Fate - the Fate of Atlantis
Down in the ground - the Fate of Atlantis
Down underground is the Fate of Atlantis

- The Quake -

**They're going down - this is the Fate
- the Fate of Atlantis
Down in the ground - the Fate of Atlantis
Forever gone - the Fate of Atlantis
Down underground ...**
