EXHAUST

FLAME OF BURNING FIRE

[ZAPPO, BORSTEN, TVK, AKKI]

REMEMBER THE BLACKOUT

When I woke up early in the morning
with the dawn
I realized - I was surprised
I didn't sleep alone...!
I wondered who's the person
that lays beside me in my bed
Her eyes were closed
she's looking good
but why is she in my bed?

As I sat up, it seems to me
my head is just too tight
Dragged me to the bathroom
some painkillers will help
I turned around, but nothing looked
the way it did before
I started to get confused as she
stood smiling at the door

Can you tell me, can you tell me
what is going on?
Can you help me, can you help me
I think I lose control

Is it true? Are you real?
Or is it just a dream?
I cannot remember where I've been
I don't know what I am going to do
I cannot remember where I've been
But I remember the blackout...

Later as we sat for breakfast
at the kitchen's desk
I asked her very carefully
if she could make a guess
She answered me:
„The man who was the owner of this house
Just lost his life in an accident
five minutes away from home!"
I spilled my tea, how could that be:
the owner here is me!

I thought she was a weirdo
as she grins at my amaze
I looked deep in her eyes
decided not to go too far
She could have been just a runaway
from the Greenfield Hospital

Is it true? Are you real?
Or is it just a dream?
I cannot remember where I've been
I don't know what I am going to do
I cannot remember where I've been
But I remember the blackout!

I had to get some fresh air
took the long way through the park
Somehow, scraps of memory
come up again like sparks
A windy breeze rushed through the trees
shaking me awake
Arousing my attention...
but a voice was in my head!
„Excuse me, son" the low voice said
„We've got no room at all.
We didn't look to place you
on a cloud in the waiting hall.
And so you have dropped down again
continuing your life
I'm sorry, but I gotta wait
for a chance to get you high!"

Is it true? Are you real?
Or is it just a dream?
I cannot remember where I've been
I don't know what I am going to do
I cannot remember where I've been
But I remember the blackout
I cannot remember where I've been
But now I know where I am going to
I cannot remember where I've been
But now I know what I am going to do

...wait for your next hangover and see, what's gonna happen!
