## SECRET OF THE SANDS

### SAND RACE

The Sun is shining it's a happy day  
In the afternoon I'm on my way  
I'm feeling good, a blue sky above  
There ain't no cloud in sight

My bug is rolling like a highway star  
At 65 the beach is not too far  
I'm on my way in California  
to start with the sand race

Sand Race - I'm racing the track  
Sand Race - there's no turning back  
Sand Race - I'm doing my best  
On this sand race track

At the start the buggy's roaring out  
It's like a sandstorm, driving in the cloud  
Jumping, drifting, racing through the sand  
We ride the course around

We take the pits and jump above the hills  
Without sight this is a special thrill  
I'm on the way to sand race history  
And see the flag of victory

Sand Race - I'm racing the track  
Sand Race - there's no turning back  
Sand Race - I'm doing my best  
On this sand race track
